Baby, theirs something I think you should know
I don't think I'll be needing you anymore
It's just one of those things
I'm sure you'll understand

We've been together so long
I never meant to do you wrong
But I've found someone new
Theirs nothing you can say or do
To try and change my mind
Would be a waste of time
Lets go our seperate ways
Theirs nothing more to say
Just try to ease your mind
'Cause I don't mean to hurt you
It's just he's knows to treat me like a special lady
It's time you look away
He's knows just how to touch me
Maybe someday you'll understand

Chorus:
Temptation is a part of life
It doesn't matter if its wrong or right
Temptation is a part of life
It doesn't matter if its wrong or right
It makes you do what you love

He's knows I can't resist
Ooh, his perfect lips
When he looks in my eyes
I feel like I've been hypnotized
I've wanted him for so long
What I felt was oh so strong
Times, feelings change
Things were not the same
Just try to ease your mind
'Cause I don't mean to hurt you
It's just he's knows to treat me like a special lady
It's time you look away
He's knows just how to touch me
Maybe someday you'll understand

Chorus (4x)
