OOOOOh Naaaa

OOOOOh Naaaa

Cuz It's all about you,

But now I have to think of me.

All my life, I lived for them, not for me

Neva once thinking of me

Always then thinking of you

But now, I know that when

I think of me you think of you

Oh baby please think of me

Now that I am set free

I know that you and me were not meant to be

I tried to make it work but you could not see

Oh you, Oh baby you,

Is it all about you and what about me?

I needed you, you needed me

So then why was I set free?

Oh you, only you

Don't worry about, it's all bout you

Oh I was true but now I'm blue

Cuz I was good

Cuz I was good to you.
I know I must go on
I'll forgive and I'll be strong
Cuz what you give is what you get
And I gave my best
I gave my best
And now that I have grown
I feel sure and more secure.
Cuz I have learned that it's my turn
To feel the need
To feel the need
If you had wanted me like I wanted you
You could not do for me what I did for you.
