Floating through my old living room
Shifting in and out of view
And I'm just watching you living
I'm just watching you
Floating through my old living room
Shifting in and out of view
And I'm just watching you breathing
I'm just watching you

And I'd give up Heaven just to hold you tonight

Floating through my old office room
Papers lying so askew and I'm only thinking
I'm only thinking of you
I watch you sleep, I kiss your cheek
Tell me love can you feel me as I'm just

Watching you dreaming I'm just Watching you
dreaming I'm just watching you

And I'd give up Heaven just to hold you tonight

So when you go to the window
I'll turn on the stars and let you
Fall so far into my arms that we'll be
All the way alive again
Oh again

And I'd give up Heaven just to touch you
And I'd give up Heaven just to hold you tonight
Floating through
Out of view
Heaven is you
