His wicked sense of humour
Suggests exciting sex
His fingers, they focus on her
Her touches, he's venus as a boy

He believes in beauty
He's venus as a boy
He believes in beauty
He believes in beauty
He's venus as a boy
He believes in beauty

He's exploring
The taste of her
Arousal
So accurate
He sets off
The beauty in her
He's venus
Venus as a boy

He believes in beauty
He's venus as a boy
He believes in beauty
He believes in beauty
He's venus as a boy
He believes in beauty...
