Last time I saw you
You were filling your rivers up with
Blood of your own

Last time I saw you
You were wearing fire and
Burning our souls to the bone

That's how I remember you
That's how I remember you

Refrain
So please forgive me
If I never call you home again
Please forgive me
If I never call you home again

Last time I saw you
You looked like apocalypse
Hell and then genesis combined
Last time I saw you
You were stripping me of Anything and Anyone that
was mine

That's how I remember you
That's how I remember you

Refrain
So please forgive me if
I never call you home again
Please forgive me
If I never call you home again

And I know, I have told everyone I'd return
To forgive
But that was before delayed anger got to me and
burned
All I had left to give of hope
I hope I get to find it again

Next time I see you

If there's a next time
I hope you can take care of your own

Next time I see you
If there's a next time
I really hope you've learned to take care of your own

Cause that's how I'd wanna remember you
That's how I wish I remembered you
Or I'll never, ever, ever call you home again
Or I'll never, never call you home again
Or I'll never, ever call you home again
So please forgive me if I never call you home again
