You're wearing this mask and you're okay
You bury yourself when you say
The truth â€¦ But finally you will
You hide behind an inner smile
When the one is passing by
And turns away
What am I to do now
Colors fade to gray
What am I to do now
In this London rain
This London rain

I just hear your name
I'm screaming it into this London rain
I don't look back
I don't react no more

So dead and lame
On my way through this London rain
I don't look back
I don't react no more

I just hear your name
I'm screaming it into this London rain
I don't look back
I don't react no more

So dead and lame
On my way through this London rain
I don't look back
I don't react no more

And still I'm waiting
For the one who is to blame
Still hesitating in this London rain
London rain
