My sweet child lay your head down  
Dream the dreams that delight you  
You're safe now and forever  
Dont let reality blind you

My sweet child taste the starlight  
Reach your hands up to heaven  
Share you'Ár dreams with the moonlight  
Cherish all you've been giving

Theres nothing to fear soon the day will appear  
Theres nothing to say just as long as you pray

It's in the eyes of the candyman  
He owns the dark  
It's in the eyes of the candyman  
He owns the dark

May the night never find you  
With a heart full of sorrow  
You can close your tired eyes  
Dream your dreams of tomorrow

Theres nothing to fear soon the day will appear  
Here comes the daylight  
Theres nothing to say just as long as you pray  
Dont be afraid

It's in the eyes of the candyman  
He owns the dark  
It's in the eyes of the candyman  
He owns the dark

We're living in a cruel world, cruel world  
Living in a cruel world, cruel world  
Living in a cold dark space were we hide our face  
We're living in a cruel world, cruel world  
Living in a cruel world, cruel world  
Dont be afraid

It's in the eyes of the candyman  
He owns the dark

It's in the eyes of the candyman  
He owns the dark

Go to sleep close your eyes
