All is lost and nothing won
Love is gone and the suffering has just begun
In between what might have been
Love was an illusion when it drew me in

What was real in the heat of the night
Leaves me cold in the first light of morning
To my shame I told another lie
All that's left is the haunting

And the rain falls like mist on the chances I missed
It was on a night like this, when she sold me my first
Kiss
When she sold me my first kiss
Once upon our yesterdays

As she spoke fire danced in her eyes
Burned my hope with the heat of this nightmare
When we walked, she told of our time
Nothing left but the wanting

Still the rain falls like mist, on the lover I've

Kissed
It was on a night like this, when she sold me my first
Kiss
When she sold me my first kiss
Once upon our yesterdays
Yesterdays
Once upon our yesterdays
Yesterdays
Once upon our yesterdays

It was on a night like this, close your eyes and dream
And the rain falls like mist, on the chances we missed
It was on a night like this, when you sold me my first
Kiss

Once upon our yesterdays
Yesterdays
Once upon our yesterdays
Once upon our yesterdays

Never forever, only in your dreams
Never forever, I remember the kiss, I remember a night
Like this
Yesterdays
