Give me your best shot  
Let it run deep  
Swimming in the thick mud  
You still have time while the lion is asleep  
I'll stick to the logic  
We came for  
I'll pray and believe  
Show me your weak spot  
Would you believe  
All of them big shots  
They have snow on their minds and talking  
Incomplete  
I see them gamble  
Shuffling for their needs  
It is hard to handle  
When they open the door to a monster  
From a dream  
I'll stick to the logic  
We came for  
I'll pray and believe  
We'll cut straight to the bone  
And face the barrel/battle  
And we'll hope to see white flags  
Down the line  
Soaked in cold sweat  
Losing all in one  
Closer to their last step  
Before they hide and bring in Mr. Bond  
Give me a reason  
All is said and done  
End of their season  
They'll take us back to a darker kingdom come
