Somehow, you're standing there bleeding  
Somehow, your life is feeding  
Somehow, feelings are blind  
While you're counting all the lies

I come to get the anger you're afraid of  
I come to take the pain away  
I can't control my life it's in danger  
Holding my breath for some days  
The ground is moving, come here help me find my way  
Everything looks good, but I'm standing on the wrong  
Side of the fence

Hypnotic illusion  
Atomic fear, confusion?  
Heaven's gate, you can't see  
Atomic fear is here

Somehow, you're standing there bleeding  
Somehow, your life is feeding  
Somehow, feelings are blind  
While you're counting all the lies

I come to get what is left of your pride  
I come to find a better way  
Living by the rules, fast obligation  
Control it, fade away  
Big contrast, hold it for the last, convulsion, starting to  
scream  
Fictional aggression  
There's no place left to rise

I'm calling for an answer  
Hypnotic illusion, confusion  
Mind is not clear, it's like an infection  
Sweating blood
