[Lyrics & Music - Andrea Cipolla]

Chainsaw is on the sofa  
Beside the right feet box  
I have to remove the shreds of skin

Leatherface would have done it better  
But Texas is far

Now I am drinking my coffee on the sofa  
But my right foot?  
I hacked it by mistake!

Leatherface would have done it better  
But Texas is far

Come with me  
Now I can't hack feet any more  
Let's go to Texas to sell them  
Tobe Hooper wants some right feet
