I cum glue  
A collage of papier-machine  
I cum glue  
To stick colored cardboard sheets together.

Children can play with vowels  
Teachers with consonants  
Mommy with the apostrophe.

I cum glue  
An excuse to misspell a song title

I cum glue  
Cannibal Corpse will have fun.

The colored sheets are joined in various shapes.  
Fantasy makes glue drip out of the nose.

Pick the letters  
And put them together  
Endless amusement  
Colored cardboard sheets.
