For the mark of the beast
Is the sign of Truth
For the victory of the abyss
Is the sign of Belief
The true Satanist is the one
That believes in his own extermination
Cause the almighty god created
The rage that has nothing to give
The Devil has it's own ways
Of doing it's magic
Forces of negativity
Have a way of making justice
To control the rage
Is to control the world
Almighty god now dead
Satan lord condemned you to Hell
