Revelations engulfed my soul and mesmerized my  
empty flesh  
Euphoria washed out over me and I knew that is was no  
hallucination  
It became clear, the way He revealed before my eyes  
That life was but a moment to choose  
The Truth of empty lies  
But I knew  
A thousand deaths I would suffer to serve no longer as  
a slave  
A thousand deaths I would drudge with thunder and  
vice  
Through this void revelation  
Let my eyes bleed out all sight  
I denounce all that I have ever know  
I denounce the "truths" that have only been phantoms  
Be it above, so be it below  
Let this flesh become ash  
My soul seeps to the netherworld, through grounds of  
rotting strife  
I sacrifice my every drop of blood to Him who has no  
past  
I sacrifice my every vein to Him, the One without death  
and the one Without life  
Satan, Salvation to those who have followed Your  
words  
Let me rid of this empty life, and be rid of this putrid  
delight  
Satan, Light for those who seek the Truth  
May there be no more upheaval through the womb of  
life  
Let my eyes bleed out all sight  
I denounce all that I have ever know  
I denounce the "truths" that have only been phantoms  
Be it above, so be it below  
Revelations engulfed my soul and mesmerized my  
empty flesh  
Euphoria washed out over me and I knew that is was no  
hallucination  
It became clear, the way He revealed before my eyes  
That life was but a moment to choose
