I put it on you  
Its best if i'm alone  
What you said was better  
Than what you've ever shown

I don't want you to walk me  
Home  
I don't want you to walk me  
Home

No one's telling me to go  
No one's asking me to stay  
No one's telling me to leave  
No one's asked me if i feel better  
Today  
If i feel better  
Today

And i put it on you  
Because i'm all alone  
With all my reasons to stay  
No one's telling me to go  
No one's asking me to stay  
No one's telling me to leave  
No one's asked me if i feel better  
Today  
If i feel better  
Today

And i put it on you  
Because i'm all alone  
With all my reasons to stay

No one's telling me to go  
No one's asking me to stay  
No one's telling me to leave  
No one's asked me if i feel better  
Today  
If i feel better  
Today
