She's a girl with many quirky ways
She can take you to another place
Where she'll explore you and adore you in her way.
(Yeah, yeah, yeah, yeah, yeah, yeah, yeah)

She won't give you time to hesitate
What she looks for is to fascinate
To unveil you and derail you,
Come what may, come what may

She'll give you love, love, love... in a milkyway (love in a milkyway)
She'll give you love, love, love... in a milkyway
What you want she'll give you

She has bought a place in Budapest
And the clientele are her hostess
But when she's smiling she's beguiling
So they say what you want, yeah they say, what you need

She'll give you love, love, love... in the milkyway

(Love in the milkyway)
What you want she'll give you
Love, love, love... in the milkyway
(Love in the milkyway)
She'll give you

[Sharon violin solo]

So they say what you want, yeah they say what do you need
Come what may, what you want, Come what may
She'll give you love, love, love... in the milkyway
(Love in the milkyway)
what you want she'll give you
love, love, love... in the milkyway
(Love in the milkyway)
She'll give you love, love, love in the milkyway
(Love in the milkyway)
What you want she'll give you

love, love, love... in the milkyway
(Love in the milkyway)
What you want she'll give you
