When you were young and on your own

I was always thinking of games that I was playing
How did it feel to be alone

Tryin' to make best of my time
But only love can break your heart

Try to be sure right from the start

Yes, only love can break your heart

What if your world should fall apart
I have a friend I've never seen
He hides his head inside a dream
Someone should call him and see can come out
Try to lose the down that he's found
But only love can break your heart
Try to be sure right from the start
Yes, only love can break your heart
What if your world should fall apart

I have a friend I've never seen
He hides his head inside a dream
But only love can break your heart
Try to be sure right from the start
Yes, only love can break your heart
What if your world should fall apart
Fall apart
