# "Queen Of Hollywood"

Visit "[Queen Of Hollywood](#)" on MotoLyrics.com

She drove a long way through the night  
From an urban neighborhood  
She left her mother in a fight  
For a dream misunderstood  
And her friends they talk on corners  
They could never comprehend

But there was always something different  
In the way she held a stare  
And the pictures that she painted  
Were of glamour and of flair  
And her boyfriend though he loved her  
Knew he couldn't quite fulfill  
He could never meet her there

She's never gonna be like the one before  
She read it in her stars that there's something more  
No matter what it takes, no matter how she breaks  
She'll be the Queen of Hollywood

And the cynics they will wonder  
What's the difference with this dream  
And the dreams of countless others  
All believing in TV  
They see their handprints in a sidewalk  
Flashing cameras on the scene  
And a shining limousine

She's never gonna be like the one before  
She read it in her stars that there's something more  
No matter what it takes, no matter how she breaks

She'll be the Queen of Hollywood  
She's believing in a dream  
(Queen of Hollywood)  
It's a loaded fantasy, yeah, yeah, yeah...

Now her mother collects cut-outs  
And the pictures make her smile  
But if she saw behind the curtains  
It could only make her cry  
She's got hand prints on her body

Sad moonbeams in her eyes  
not so innocent a child

She's never gonna be like the one before  
She read it in her stars that there's something more  
No matter what it takes no matter how she breaks  
She'll be the Queen of Hollywood, (Queen of  
Hollywood)  
No she's never gonna be like the one before  
She read it in her stars that there's something more  
No matter what it takes and even though she breaks  
She'll be the Queen of Hollywood  
She's the Queen of Hollywood...  
Queen of Hollywood, (Queen of Hollywood) and  
Her friends still talk On Corners, (Queen of Hollywood)  
Yeah yeah yeah-ie...  
She's the Queen of Hollywood...  
Queen of Hollywood...
