So you wanna know me now?
how I've been,
You can help someone recover
After all you did,

So tell me am I looking better?
Have you forgot
Whatever it was that you couldn't stand

About me, about me, about me

Yes I do feel better
Yes I do, I feel alright
I feel well enough to tell you what
You can do with what you've got to offer

You wanna know me now
How I've been
You can help someone recover
After all you did

So tell me am I looking better?
Have you forgot
Whatever it was that you couldn't stand
About me, about me, about me

Yes I do feel better
Yes I do, I feel alright I feel well enough to tell you what
You can do with what you've got to offer
Yes I do feel better

Yes I do, I feel alright
I feel well enough to tell you what
You can do with what you've got to offer
On and on and
On and on and
On and on..

There's no-one who'll say
Start away, start away

Better, better

I feel ready now to tell ya what you can do with what
you got....
