What is going on
what happened to my life
the price of love is everything
cause i use to be so strong

But now i see
what you have done for me
i love more then myself
and love is never wrong

As i cry to sleep at night
to face the day, to face the pain
escape inside the memories flow
and there you are

As i cry to sleep at night
to hide away, to hide the pain
id give it all to have you here
just to see you once again

Your so far away
but your still in my heart
now i just cant understand
what matters anymore

The world i see
is not what it use to be
how do i live with half a heart
how do i live alone

As i cry to sleep at night
to face the day, to face the pain
escape inside the memories flow
and there you are

As i cry to sleep at night
to hide away, to hide the pain
id give it all to have you here
just to see you once again

I tried to move on

itried to be so strong for everyone but me
but how do i cope
how do i cope (cope)

As i cry to sleep at night
to face the day, to face the pain
escape inside the memories flow
and there you are (2x)

As i cry to sleep at night
to hide away, to hide the pain
id give it all to have you here
just to see you once again

heeeeyy(x3) ooohh
