Lookin back on yesterdays
thinkin bout the storms that we've been threw (alright)
boys we loved, the boys we left
there are things good girls arent suppose to do

Gonna be together
any kind of weather
dont need to pretend (dont need to pretend)
i say no, no, no

My girls are there for me
never need to worry
im not in my own, my ends
and you i can depend

Thats what friends do
we can chill and just unwined
thats what friends do
you can call me anytime

Someone who knows you (come on, alright)
so well they read your mind
Thats what friends do (ohh)
thats what friends do (hey)

I know that i got my friends
when blue skies are fading to black (thats right, come
on)
and i dont need to front with them
cause i know they've always got my back (come on,
alright)

Gonna be together
any kind of weather
dont need to pretend (dont need to pretend)
i say no, no, no

My girls are there for me
never need to worry
im not in my own, my ends
and you i can depend

Thats what friends do
we can chill and just unwined
thats what friends do
you can call me anytime

Someone who knows you (come on, alright)
so well they read your mind
Thats what friends do (friends do)
thats what friends do (bring it down)

Callin me (just callin me)
callin me (when you need a friend)
callin me (hey)
callin me (ohh)

Callin me (you can count on me)
callin me (ohh anytime, any place, any where)
callin me
ill be there

We can chill and just unwined (thats what friends do)
you can call me anytime (someone who knows you)
so well they read your mind (thats what friends do)
thats what friends do (friends do)

We can chill and just unwined (thats what friends do)
you can call me anytime (someone who knows you)
so well they read your mind (thats what friends do)
thats what friends do (friends do)
