CORY LEE:

So many nights
your arms held me (so tight)
in a world of two we created
my love never faded

Now at night i just stay at home (all alone)
so please
o please
say your missin me

Friends say (friends say)
move on (move on)
its been so long
but i am so confused, cuz im still in love with you

You are my heart, you have my love
and i never known any other
stayin always in my mind
trying hard to find, to let go

You are my heart, you have my love
want it forever, for always
cause i dont know what to do
ill never get over you

DORON BELL JR:
So many nights
i spend remenesing over you
someday when we be together
cause i can wait forever

how do i reach for somethin
i love (thats all so lost)
so please, o please
some back, come home to me

Friends say (friends say)
move on (move on)
its been so long
but i am so confused, cuz im still in love with you

You are my heart, you have my love
and i never known any other
stayin always in my mind
trying hard to find, to let go

You are my heart, you have my love
want it forever, for always
cause i dont know what to do
ill never get over you

I am (i am) a fool (a fool)
a fool for you (my lady)
how can (how can) this be
you belong to me (you belong to me)

You are my heart, you have my love
and i never known any other
stayin always in my mind
trying hard to find, to let go

You are my heart, you have my love
how could forever walk away
cause i dont know what to do
ill never, ill never get over you

You are my heart, you have my love
and i never known any other
stayin always in my mind
trying hard to find, to let go

You are my heart, you have my love...
