Gotta get you out of my mind
Gotta get you into my life

I know that your down
But the way you watchin' me
Your takin' words away and
I can hardly speak
There's just room for two
In my fantasy
So baby lose your crew
And come away with me

Turn down the lights and light up the party
I got the ride and you got the naughty
Leave your boys and your girls tonight
Come home to me ASAP
Turn down the lights and light up the party
I got the time and you got the body
Leave your boys and your girls tonight
Come home to me ASAP

Tonight's the night
And it's only just begun
All the boys and the girls that wanna f*** tonight
Gotta turn the naughty on (x2)

I like what you say
By the way you rock your shows
And the way you wear your smile
Got me really diggin you
Oh, this bump and grind
Makes everyone afraid
Let's get out of sight

Baby run away with me

Turn down the lights and light up the party
I got the ride and you got the naughty
Leave your boys and your girls tonight
Come home to me ASAP
Turn down the lights and light up the party
I got the time and you got the body

Leave your boys and your girls tonight
Come home to me ASAP

Tonight's the night
And it's only just begun
All the boys and the girls that wanna f*** tonight
Gotta turn the naughty on (x2)

Gotta get you out of my mind
Gotta get you out of my head
Gotta get you into my life
Gotta get you in my bed
(x2)

Turn down the lights and light up the party
I got the ride and you got the naughty
Leave your boys and your girls tonight
Come home to me ASAP

Tonight's the night
And it's only just begun
All the boys and the girls that wanna f*** tonight
Gotta turn the naughty on (x2)
