Well, I hear that you're doing unwell
From your smile I could never tell
You open up the door and the world pours in
All of its problems, solutions and sins
Everybody seems to have a remedy
But there ain't no remedy that's ever
gonna cure me

Take it while it comes 'cause it don't last
long
Hesitate and the moment's gone
Run in the rain and howl at the moon
Fall in love way too soon
Take my hand as the music starts
We'll dance to the beat of your heart
Dance

There's a distance in your eyes
Seems you been looking for a place to hide
There's nothing but love around you my child
But you can't see for your cryin' eyes
You stand in a crowd when you wanna be alone
You're your own contradiction but
you're not alone

Take it while it comes 'cause it don't last
long
Hesitate and the moment's gone
Run in the rain and howl at the moon
Fall in love way too soon
Take my hand as the music starts
We'll dance to the beat of your heart
Dance

You know you'll stumble down that road
Trembling from the cold
But this heart and this love can save you
It can save you

Take it while it comes 'cause it don't last
long
Hesitate and the moment's gone

Run in the rain and howl at the moon
Fall in love way too soon
Take my hand as the music starts
We'll dance to the beat of your heart

And we'll dance to the beat of your heart
And we'll dance to the beat of your heart
To the beat of your heart
To the beat of your heart
