I could survive through the coldest night  
For you I could make any sacrifice  
But if I didn't have you I'd barely last one day  
There'd be nothing but heartache  
You're the reason I breathe  
I'm not alive if you're not beside me

Chorus:

You are the one I reach out for  
You are the one I would die for  
You are the touch  
The one touch that sets my heart free  
Without you in my world  
What kind of world would this world be?  
Shadows would steal every way of light  
There'd be no sun left to light my life  
Oh if I ever lost you, I would lose everything  
There'd be nothing left for me  
You're my strength, you're my truth  
I am alive when I am beside you

Chorus

Wouldn't be a world I'll want to live in  
No there'll be no reason  
If you're not here by my side  
'Cos you are the best thing in my life  
In my life

Chorus
