I was on my own
I was doin' just fine
when you came in my mind

I was into you
you were feelin' me too
it was all a good time

It turned upside down
turn the world around
and im losin' my mind

Too blind too see it
Too in love to believe it
what you doin' to me.....
chorus:

When it's all about you
what about me?
Don't I deserve to be happy?

when its all about you
what about me
you can't change what you can't see

when it's all about me...
yeah yeah

Chorus

chorus

when its all about you.....!!!
