If I walk in the sunshine
Or if rain was pouring down
I will always hear dolphins
Singin' our song

I feel heaven - when I'm close to you
You turned my whole world into something new

Swimming out in the ocean
At night swaying through the streets
The smile on our faces
Infects a dancin' heat

It feels like swimming in moonlight
When I look into your eyes
And my heart pounds like crazy
You are my angel in disguise

You are like blooming flowers
In grey December light
You energise my power
No matter that I'm tired

I feel heaven - when I'm close to you
You turned my whole world into something new

If I walk in the sunshine
Or if rain was pouring down
You are like a rainbow
Sparkling paint around all town

All my sorrows have vanished
I'm just lying in your arms
Sleeping in a warm shower
Of passion, heat and love

You are like blooming flowers
In grey December light
You energise my power
No matter that I'm tired

I feel heaven - when I'm close to you

You turned my whole world into something new

You are like blooming flowers
In grey December light
You energise my power
No matter that I'm tired

I feel heaven - when I'm close to you
You turned my whole world into something new
