I can hear your voice is calling me in the night
As I'm walking down the street...

Must be only an illusion of some kind
No one else around but me...

And no more how I'm trying
I can't get you of my mind...

(Lost in the night)
Walking alone...
(Lost in the night)
Left on my own...

(Lost in the night)
Looking for love...
(Lost in the night)
Drifting I'm looking
For your love...

Lost and lonely now I'm seeking for the ghost
There's no place for me to go...

Every shadow looks like you appear and lost
Where I'm heading? I don't know...

Only now I realize
All that tears behind your eyes...

(Lost in the night)
Walking alone...
(Lost in the night)
Left on my own...

(Yes I'm lost in the night)
Looking for love...
(I'm lost in the night)
Drifting I'm looking...

(I'm lost in the night)
Walking alone...
(Lost in the night)

Left on my own...

(I'm lost in the night)

Looking for love

(I'm lost in the night)

Drifting I'm looking

For your love...
