Daylight turns to moonlight-  
and I'm at my best  
Praising the way it all works-  
gazing upon the rest  
The cool before the warm  
The calm after the storm  
I wish to stay forever-  
letting this be my food  
But I'm caught up in a whirlwind  
and my ever changing moods

Bitter turns to sugar-  
some call a passive tune  
But the day things turn sweet-  
for me won't be too soon  
The hush before the silence  
The winds after the blast  
I wish we'd move together-  
this time the bosses sued  
But we're caught up in the wilderness  
and an ever changing mood

Teardrops turn to children-  
who've never had the time

To commit the sins they pay for through-  
another's evil mind

The love after the hate  
The love we leave too late  
I wish we'd wake up one day-  
an' everyone feel moved  
But we're caught up in the dailies  
and an ever changing mood

Evil turns to statues-  
and masses form a line  
But I know which way I'd run to  
If the choice was mine

The past is knowledge-  
the present our mistake

And the future was always leave too late  
I wish we'd come to our senses  
and see there is no truth  
In those who promote the confusion for this ever  
changing mood
