Let's go out tonight
And make a big noise
Throw a shadow across the light
In the name of all the broken boys

So your heart's been sleeping rough
Now I know my problems don't amount to much
So come on love, won't you look my way?
Let's set aside our differences and stay and stay

Let's step out and have some fun
And tell each other big lies
As long as we beat the golden ball home
Tomorrow we'll be feeling just fine, oh, yeah

So your heart's been sleeping rough
Now I know my problems don't amount to much
So come on love, won't you look my way?
Let's set aside our differences and stay and stay

You make it hard for me to believe
You make it hard for me to refuse

So enough of this misery stuff
Let's throw our shadow right across the sun
So come on darling, pour some love in my cup
In my mind you'll always be the one

So your heart's been sleeping rough
Come on love, look my way

So your heart's been sleeping rough
Problems they don't amount to much, hey
Come on love, look my way
Set aside our differences and stay oh, come on love

So your heart's been sleeping rough
Problems they don't amount to much
Come on love, look my way
Set aside our differences and stay oh, come on love

So your heart's been sleeping rough

Pour some love in my cup
Come on love, look my way
