[The ultimate dark occult worship right from your TV / WWW]

Cum to me my children
United we stand with strenght
Vortex of the Gods, twilight of the Storm
Destroying the icon, unchaining the wolves
Blood and persecution
Tyranny for perfection
Hate and wisdom shall lead us to the end
Symbols of War, night of revelation

Ahnenerbe, soldiers of the void
Open wide the gates to the ultimate knowledge
Welcome to the Abyss, the world Redemption
Kneel before your master, your God, and remember
That I have seen the light of Javhe
I have drunk the blood of Jesus
I am the chosen one
None shall fuck with me right now
We worship the sacred Hammer !

We worship the New Cross !

Chaos !

Subversion is the purity unknown
Come to me across rivers of blood
Swim and swim within the human remains
Ahnenerbe reconstruction

I am the saviour of this red inversion
I'll take power from the will of the Lord
My eyes are raping your world of deep uselessness
My fate insult your stream of fucking consciousness

We worship the sacred Hammer
A weapon against this world
We worship the New Cross
The ultimate violation

We worship the sacred Emerald

Only way to Redemption
We worship the New cross
The War has just begun
