Well, it started off with a kiss
How could it end up like this?
You meant too much to me
But then you through it all away

It's the tone across my lips
Jokes on you princess (jokes on you)
I'll see you down below
Liars don't make good friends
No good girlfriends... no good

You took all you had from me
And threw it back in my face
Now kiss me goodnight sweet girl
And I will be alright to say
That I won't be seeing you for one more day

[2x]
Lonely tone lonely tone (lonely tone lonely tone)

Jokes on you princess I said
I'll see you down below (down below)
Jokes on you princess I said
I'll see you down below (down below)
Jokes on you princess I said
I'll see you down below
How could I be in L-O-V-E with you?
