come a little closer if you can
just forget your fears
come to me
cause where I want to be
is closer to you
put your little hand into my hand
throw off this disguise
come to me
cause I just want to be
closer to you
I'm oh so tired of this awefull fight
cant get by without you

I dont know how I'm gonna be alright
But Im all messed up
ya im all messed up
ya I am
dont you wish we were younger
these things go to fast
come to me
because I used to be
closer to you
Oo come to me cause
I *need* to be
closer to you
