She sat right down on the sofa  
And said, "Where have you been? I've been waiting for  
you"  
'Cause last night I had something so good  
These days get so long  
And I got nothing to do

I been hangin' around this town on the corner  
I been bummin' around this old town so long  
I been hangin' around this town on the corner  
I been bummin' around this old town for way too long

We spend all day getting sober  
Just hiding from daylight  
Watching TV  
(Playin' around)  
We just look a lot better in the blue light  
Well, you know I gotta get out  
But I'm stuck so tight  
Weighed by the chains that keep me...

Hangin' around this town on the corner  
I been bummin' around this old town too long  
I been hangin' around this town on the corner  
I been bummin' around this old town for way too long

Well, everybody trip...

And this girl listens to the band play  
She says, "Where have you been? I've been lyin' right  
here on the floor"  
(Right here on the floor)

Well, I got all this time  
To be waiting  
For what is mine  
To be hating  
What I am  
After the light has faded

Hangin' around this town on the corner

I been bummin' around this old town so long  
I been hangin' around this town on the corner  
I been bummin' around this old town for way too, way...

I been hangin' around this town on the corner  
I been bummin' around this old town for way too long  
I been hangin' around this town on the corner  
I been bummin' around this old town for  
Way, way, way, way, way too long...  
Way, way, way, way too long...  
Way, way, way, way too long...  
Way, way, way, way too long...  
Way, way, way, way too long...  
Way, way, way, way too long...  
Way, way, way, way too long...
