Get away from me
Get away from me
This isn't gonna be easy,
but I don't need you believe me
Yeah you got a piece of me,
but it's just a little piece of me
I don't need anyone these days
I feel like I'm fading away
Like sometimes when I hear myself on the radio

Have you seen me lately?
Have you seen me lately?
Have you seen me lately?

I was out on the radio
Starting to change somewhere out in America
It's raining
Could you tell me one thing you remember about me
Remember about me

I remember me
All the little things that make up a memory
She said she loved to watch me sleep
She says, "It's the breathing"
"It's the breathing in and out and in and out"

Have you seen me lately?
Have you seen me lately?
Have you seen me lately?

I was out on the radio
Starting to change somewhere out in America
It's raining
Could you tell me one thing you remember about me?
Remember about me
Remember about me

You know I thought someone would notice
I thought somebody would say something if I was
missing
Well can't you see me?

Come on color me in
Come on color me in
Come on, Come on, Come on
Give me a blue rain
Give me a black sky
Give me your green eyes
Just give me your white skin
Give me your white skin
Give me your white skin

I was out on the radio
Starting to change somewhere out in America
It's raining
Could you tell me one thing you remember about me?
Just one thing you Remember about me
Just one thing you Remember about me
one thing you remember about me
Remember about me
