Wasted time
Running scared
When all of love needs
Is to be believed in
All those springs
Come and gone
Passed like trains
And box cars, leaving
But I would be lying
If I didn't tell you
The truth
They will leave you
They will leave you

So come now
Let's go dance
To the silent song
Come now
Leave your damage
Behind and gone
Some are lost to you

Wasted time running scared
All I need is to believe in
Something like a summer
And I know you need somebody
Just like I do
And all of these foxes
Go down
In there barrel to hide
They will leave you
They will leave you behind

So come now
Let's go dance
To the silent song
Come now
Leave damage
Behind and gone

So come now
Let's go down

To the dance floor
Come now
Lose your mind
And look badly gone

Some are lost
Some are leaving
Some are lost
Some are leaving
But I'm not gone at all
I'm not going
Anywhere at all
Some are lost to you
Wasted time
Running scared now
Autumns fire
Is ashes on the breeze
And it spends away
Like dust on pearls
As winter comes
To usher in the evening
All of these drummers
Go stand on
The hillside alone
They will leave you
They will leave you
At home

So come home now
Let's go dance
To the silent song
Come now
Leave your damage
Behind and gone
So come now
Let's go down
To eh dance floor
Come now
Loose your mind
And look badly gone
So come now
Come now
Let's get out
While the getting's good
Just come now
There's no one
Left in the neighborhood
