The man in my shoes runs a life
All the papers lie tonight
But falling over you
Is the news of the day

Oh, angels fall like rain
And love is all of heaven way
Inside you the time moves and she don't fade
The ghost in you she don't fade

The race is on, I'm on your side
But hearing you my engines die
I'm in the mood for you
Oh, for running away

All the stars come down in you
And love, love, love you can't give it away
Inside you the time moves and she don't fade

The ghost in you she don't fade
Inside you the time moves
She don't fade away
Don't you know she don't fade

Don't you go it makes no sense
And all these talking supermen
Just take away the time, just to get it away
Oh, ain't it just like the rain

'Cause love, love, love, love, love is only heaven away
Inside you the time moves and she don't fade
The ghost in you, she don't fade away

Inside you the time moves
And she don't fade away
The ghost in you, she don't fade

The man in my shoes runs a life
All the papers lie tonight
But falling over you
Is the news of the day

And love will not fade away
And love, love, love will not fade away
