Anything's hard to change  
But hey I got you down on your knees again  
You watch the sky, it's a pale parade of passing clouds  
That cover the bed upon which we laid

In the dark and the memories that I made  
Of a laughing girl but you're just my toy  
And I can't stop playing with you, baby

If you think you need to go  
If you wanted to be free  
There's just one thing you need to know  
And that's that you can't count on me

I'm coming along real good  
But I still can't do most of the things I should  
I watch the sky coming down to bury me  
And I can't stop this crawling out of my skin

I know that you see yourself flying in  
Out of the sky, coming down to carry me  
But I won't come out

So if you think you need to go  
If you wanted to be free  
There's one thing you need to know  
And that's that you can't count on me  
No, you can't count on me

I watched all of the same parades  
As they passed on the days that you wish you'd stayed  
But all this pain gets me high  
And I get off and you know why

So if you think you need to go  
If you wanted to be free  
There's one thing you need to know  
And that's that you can't count on me

So if you think you need to go  
If you wanted to be free  
There's just one thing you'll need to know

And that's that you can't count on me

Aw, you can't count on me

No, you can't count on me
