Now we play our final hand  
Move in closer, understand  
This time like never before only the black queen scores  
A card so high and so wild we should burn it  
The luck of a thousand stars won't get me out of this  
The luck of a thousand stars; losing it's charm  
There are people I have loved  
Hypnotized by lies in defensive disguise  
Some say protect and survive; I say it's over  
Hold me through the darkest night  
I feel secure in your arms while all the city's on fire  
It's not between you and me but we are losing
