Things just don't seem the same  
I'm not saying who's to blame  
You might say my loss is your gain  
It's all in vain.

I've been walking all across creation  
All across the nation  
Just to get back home  
Just to get back home  
To get a loan.  
Just to get a loan

Mighty armies of gasoline attendants  
Come to wipe my windows clean.  
I can hear them laughing,  
Their jokes are a riot.  
Something is changing  
And it's breaking the machine,  
Oh, breaking the machine,  
Oh, breaking the machine.

Oh, see it on my television,  
Hear it on my radio  
Hold it in the palm of my hand.  
In every city voices are talking  
In language you can't understand,  
Voices are talking in language you can't understand,  
I can't understand the voices, voices, yeah.

Come and join us  
Come and join us  
Come and join us

Come and join us, come and join us  
Come and join us, come and join us  
Come and join us, come and join us  
Come and join us, come and join us

In the streets and universities  
Binding up and setting free  
The power of a million suns

To change the way it is to be

Is to be

Is to be

Is to be!
