My love stands beside me
Through the rain, through the wind and the snow.
Through the bad and the good you know it's
Always understood that she's my love,
This I know, this I know.
So long sad and lonesome times,
So long lonely days.
So long sad and lonesome times,
Got my love here to show me the way.

My love stands beside me
I can't seem to find the words
Through the rain, through the wind and the snow.
To tell you how I care.
Through the bad and the good you know it's
But I want you and I
Always understood that she's my love,
Trust you and I love you, this I know
This I know.

And I want you and it's
And I want you and I
Always understood that she's my love,
Trust you and I love you, this I know,
This I know, this I know
