Now I want everybody here who feels the spirit of the
song
And that means all you people out there in record land
To sing along with your old friends Country Joe & The
Fish.
We will say an old time prayer as we look up to the sky
and we ask the Lord:
Please, don't you drop that h-bomb on me, go and drop
it on yourself, alright ...
Well, I said please,
Please don't drop,
Don't drop that h-bomb,
H-bomb on me

Yeah, I said please,
Please don't drop,
Don't drop that h-bomb on me.

Yeah, I said please,
Please don't drop,
Don't drop that h-bomb on me, yes,

Well, you can drop it,
Oh, you can drop it on yourself.
