(Hey, how are you guys fixing to pay?)

Verse One: (?)

Now check it, the topic of discussion  
Is more than a financial profit  
United Snakes won't stop it  
Blow for blow, the flow with the commentary gets  
Seventy-six septillion tons a-spinnin'  
[Steady steppin into a new phase  
New thoughts representing our slavery days]  
The seeds of weeds and crops is much more than you  
figure  
Yo if he's a black man he must be a nigger  
They make a gimmick I wouldn't doubt  
[A sucker selling out for the sake of a scream and  
shout]  
Elements don't grow with nonsense  
Rather kick a little bit of science  
[Science about controlling actions of another  
America was built on the sweat of black sisters and  
brothers]  
Never allowed to breathe but allowed to bleed and  
breed  
[Stripped of our creed and religion surviving on  
intuition]  
And what the master said give 'em  
[And besides the black man is the original lord of the  
land]  
So I'm clenching my right hand  
[Brothers and sisters we must fight this slumlord]  
Overlord of the concrete jungle but I'm humble  
As I witness my opponent crumble  
Like the shack that I live in the house that I rent from  
him  
[Roach infested I'm sure that the rats are nesting  
The heat doesn't work he still hasn't checked it  
Disrespected me for the last time  
I loaded up the nine stepping double time  
Bullseye]  
Another point scored  
Right between the eyes of my landlord

Verse Two: Defrost

They tell me to hold my peace but I just can't  
But I'm Defrost of the rap group of Point Blank  
So me I'm chilling at the table
