Now i've lost my mind, yeah and i've lost control  
And i've lost the feeling in my arms, and i'm a lost soul

Make the most of me baby don't spit me out,  
This is how dirty girls get clean,

Don't leave me now, listen to her lust yeah, hear her  
disgrace  
Listen to the fragile things, as they all breakwatch from  
the comfort,  
The comfort of your home, through the eyes of sleep  
baby  
down down we go

What angry star, runs your devil heart  
What angry star, runs your devil heart  
Oh hoo this is what i mean? this is the only way? the  
dirty girls get clean

And I wanted you, like noone before  
Said your coming back for me honey  
This is how hell forms  
This is how a storm begins  
This is how trouble's born  
Listen to her slit, yea, listen to her wail  
You've givn birth to terrible things, now watch them  
unveil  
Listen to my torment, listen to my pain, please come on  
back here baby let me try again

What angry star, runs your devil heart  
What angry star, runs your devil heart  
Oh hoo dont you get so mean?this is the only way  
The dirty girls get clean

And the rain it came down and the wind it moaned  
And she wrapped her legs around him and she's got no  
home  
And he's looking at me, god he looks so dumb  
Why are you staring baby, this is how its done  
This is how it numbs, this is how it stretches

Like all of your whiplashes, on all of your bitches

What angry star, runs your devil heart

What angry star, runs your devil heart

Oh hoo dont you get so mean, this is the only way

The dirty girls get clean

Oh hoo dont you get so mean, this is the only way

The dirty girls get clean

Oh hoo dont you get so mean, this is the only way

The dirty girls get clean
