It's a long way back
From where I've fallen in
It's a very hard fall
It's a very cruel town
and my dress is torn
and I've got no jewels
and I'm hungry for a
life a little less cruel
some dignity
no too much sorrow
just a little bit of hope
holding out for tomorrow

Oh I don't care if it takes
My friends
I will never go hungry
Go hungry again
Oh and I don't care what I have to defend
I will never go hungry,
Go hungry again

It's a long ride home,
and my head is bowed,
and your no comfort,
to me now
and it's fully loaded
and it's set on stone
at least I know
that I have one
and my wigs on crooked
and I've got no shoes

I rock back and forth and I wait for you yeah

and I don't care what it takes my friend
I will never go hungry,
Go hungry again
and I don't care what I have to pretend

I will never go hungry,
Go hungry again

And out of it all,
I'm still alive
from the fires of hell
I have survived
(?) crush his spirit
survive the mess you made
oh god can you hear us
your my salvation babe
and it's time for me
to take a stand
and it's time for me to be a man

And I dont care what it takes my friends
I will never go hungry,
Go hungry again
And I dont care what I have to pretend,
We will never go hungry,
Go hungry again
And the phoenix she rises,
She is sure to descend,
She will never go hungry,
Go hungry again
And your looking to me
More and more like a god send
We will never go hungry,
Go hungry again
And we owe each other nothing
There's nothing left here
To defend
We will never go hungry,
Go hungry again
