"And Oh How I Wanted You"

I don't know
Why it's so hard for me
To tell you the feelings in my heart
Seems like every time
I find the right words to say
I breathe and then the moments gone

And oh how I've wanted you
And oh how I've needed you
And oh how I've wanted you my love

If you could read my mind
You'd find words that are deep inside

Of me I'm afraid to let it show
Your kiss could set me free
If only you believed in me
And I promise never to let go

And oh how I've wanted you
And oh how I've needed you
And oh how I've wanted you my love

I don't know
Why it's so hard for me
To tell you the feelings in my heart
