If you believe in what you see
Then it will soon become reality
Let's play a game you're sure to win
I'll be Adam and you'll be sin
If you get scared just hold my hand
And then we'll travel into wonderland
Open your mind to possibility
Let it out and set it free

Let me take you on a carnival ride
Wear a mask but your soul can't hide
Let me take you on a carnival ride
It'll be the finest ride of your life

Come and taste our bittersweet
Partake of sinful treat
Just three chances for a buck
Come on and try your luck
Look in the mirror, make a funny face
This can't be real time to leave this place
Caught in a maze nowhere to run
The mirror cracks you think you're done

Let me take you on a carnival ride

Wear a mask but your soul can't hide
Let me take you on a carnival ride
It'll be the finest ride of your life

Turn around and what do you see
Twisted images of you and me
A painted smile a vacant stare
Only dust, nobody there
Nobody's there

Let me take you on a carnival ride
Wear a mask but your soul can't hide
Let me take you on a carnival ride
It'll be the finest ride of your life

Turn around and what do you see
Twisted images of you and me

A painted smile a vacant stare
Only dust, nobody there
Nobody's there

Let me take you on a carnival ride
Wear a mask but your soul can't hide
Let me take you on a carnival ride
It'll be the finest ride of your life
