Depression
That's what they call it
My mind is reeling,
I numb the feeling
I lose myself
More and more
Another empty
Thrown on the floor

Days and nights I can't remember
I'll drink more til I feel better
And when I wake up from this dream
I'll only start again

Diane I need you
Diane I want you
Diane I'm slowly dying
Diane I love you
Diane I hate you
Diane, My god I'm dying

Swallow
Drink down the fire

The only way
To quench my desire
I don't know what
I could have done
I really thought
You were the one

Dreams are shattered
Now it's over
Hand in hand
The perfect lovers
I woke up from
An endless sleep
And you had gone away

(chorus)

Why did you go away from me

Diane Diane Diane
Why did you go away from me
Diane Diane Diane

(Chorus repeat to fade)
