We danced a waltz here
All round the room
Just me and you
Then we walked in the garden
Sharing our dreams and
Smelling perfume

mmmm, but it happened too quickly
I blinked my eyes and you were gone
Were you real or did I imagine
You seemed to go with the light of the dawn

Today I thought I saw you
Why does it all seem
So very strange
I'm haunted by these things
They drive me crazy
Maybe insane

Then someone smiled at me
And I don't know if
That's good or bad
I'm haunted by these things
Could it be the moon
Or have I gone mad
I remember your kisses
They were so sweet
Soft on my face
I still feel you in my arms
Intoxicated
My heart starts to race

mmm, every moment a lifetime
And I must spend them all with you
Sun embracing the shadows
They all turn to dust
Now what do I do

Today I thought I saw you
Why does it all seem
So very strange
I'm haunted by these things

They drive me crazy
Maybe insane

Then someone smiled at me
And I don't know if
That's good or bad
I'm haunted by these things
Could it be the moon
Or have I gone mad
