I'll be watching you
Making sure that you
DO everything that you
Made a promise to
I'll be watching you
Close enough to do
Everything that you
Wanted me to do

Made a wish and it came true
But now you find me lost in you
Won't you tell me once again
Why we have to play pretend?
All those tears you cry in vain
To help you get through the pain
And in you're darkest hour you'll see
Only me

(chorus)

You say you want to change your mind

But it's too late your out of time
Too many things I've said and done
You wanted it now it's begun
You know I'm more than just a name
You never want to play that game
And in the final hour you'll see
Only Me

(Chorus)

Don't think that forever
Is never going to come because
It soon will be here
Don't feel likes it's over
Remember what I said and you will know
How far to go

(Chorus)

(Bridge)

(Chorus)
